

Financing available for Samsung Display products through Macquarie Bank

Upgrade your display technology, without the upfront costs

Upgrade your way

Financing through Macquarie Bank can be tailored to your business. Get market competitive interest rates and choose your own terms: 2, 3 or 4 year financing with minimum financing amounts from \$7,000.

One simple solution

All your costs are wrapped up into one simple finance offer with consistent pay-by-the month payments. That includes costs like the display products themselves, accessories, 3rd party products, training, project management and design installation.

No surprises

There are no balloon payments at the end of the finance agreement, unlike other products in market.

Buy-back program

Plus, the built-in technology refurbishment buy-back program means your business can keep up with any upgrades. And you can offset your lease repayments by recycling old display assets.

How it works

- 1 Request a finance quotation from Macquarie by providing your projects Bill of Materials to Yardley Hospitality*.
- 2 Within 24 hours you will receive a Finance Quote from Macquarie.
- 3 If you wish to proceed, Macquarie credit approval initiated.
- 4 Once approved, final quote, loan documents, and introducer agreement prepared for review and signature^.

* 60% of the amount being financed must contain Samsung product.

^ Signature of reseller required

To take advantage of this offer from Macquarie,
